

## THEORETICAL SPECULATION. LOGICAL EXPLANATION. COLOSSAL SOLUTION.

Al Kindi Trading Est. has its contributions to the new era. -The precision on quality standards, Systematic prescription for solutions, the degree of harmony between logics and execution, and the consistent influence towards the overall development of communities. These factors set example to the industry and generate the waves of technological advancement and economic competency in the region; ever since 1986.

Towards Silver Jubilee - 25 YEARS

Still in pursuit of excellence. Ever since 1986; our clientele manifests our approach. The appreciation consolidated as key factors:

- Quality of products and services
- Knowledge and Experience
- Convenient Warehouse facility
- Optimized Pricing
- Expertise in sourcing and delivering
- Complementary Delivery Services
- UKASISO Certification
- Worldwide Sourced Services

The goodwill gained over the years, the global approach, the skilled labour and infrastructure, the internationally competitive supporting industries shaped Al Kindi Trading Est. to spear in to higher levels.

## INNOVATION

Exceptional prosperity is created, not inherited.

As a forward looking entity, Al kindi consistently evolves, tests new theories, and explores its identity into a wider vision of world. At the silver jubilee of inception, Alkindi took a leap further to enhance the power, by bringing in a whole new version of existence. An exclusive new brand statement!

## GROWTH

Productivity determines prosperity.

The rich empirical foundation, the substantial element of spirit, the sustained enterprise of achievement through grit and determination, the prudent management practice, the meticulous planning for the development of industry and economy, coupled with its supreme purpose of futuristic vision; the steering growth of Al kindi has been inevitable.

## COMPETENCY

Competency is relative, gained through pressure and challenge.

To Alkindi Trading Est., the move is beyond comparative advantage; to the competitive advantage of grade and scale. New perspective, new tools, we foresees what works and why; and we apply, seldom compromises on the economic benefit to the customers and to the communities in the field of operation.

## Oil and Gas

We offer specialized product supply to the Oil & Gas for major new projects and expansions based on sound engineering principles.

Flanges

Gasket

Valves

All types of Pipes

Hydraulic Hoses

Breathing Apparatus

H2S and CO2 mask

FlowMeters

## Electrical products

The exceptional supply of distribution boards, & breakers, cable & cable accessories, earthing & lighting protection systems, lights & wires.

Generators

UPS

Distribution Boards & Panels

Circuit Breakers & Switchgears

Cable Lugs and Glands

Cable Ties(Stainless Steel and Pvc)

Earthing & Lightning Protection System

Cable Trays And Trunking (HDG,GI & PVC)

MetalHalideFloodlights

Panel Wires

TestingandMeasuringInstruments

Cable Joining Kits & Heat Shrinkable Sleeves

LVandMVcables

Welding Cables

Transformer and Transformer Oil

Switch and Sockets

## Mechanical Products

High grade mechanical products and tools that enhance productivity and performance

Metal Sheets (SS, MS, CS Plates)

Bars and Threaded Rods and Stud bolts.

Pipes (SS, GI, CS and MS)

Nuts and Bolts (All grades of Brass, HDG, GI, Brass, SS and MS)

Welding Machines and Electrodes

Flanges

Beams & Angles

Air Compressors

Pneumatic and Hydraulic Tools

Lay Flat Hoses

Hydraulic hoses

GI Fittings

## Building Materials

Be it the construction chemicals, scaffoldings, lubricants or plumbing materials, each one represents high-end quality.
